

Solar Shield: Keeping Rays at Bay

Folsom, CA family chooses Phantom's motorized screens to beat the heat on their home

LOCATION: Folsom, California

HOUSE STYLE: Modern French Country

PHANTOM PRODUCTS: Phantom motorized retractable screens

MESH TYPE: Mermet E-Screen 7510 mesh

PHANTOM DISTRIBUTOR: Ken Moller Construction, Inc.

NEED: With the hot sun beating down on their backyard patio and streaming through their large back windows, these homeowners found themselves limiting their time in their beautiful backyard and needed sun protection.

SOLUTION: Three of Phantom's motorized retractable screens with solar mesh were added to the home's patio areas, creating sun protection both inside and outside the house. Now, the homeowners can entertain and BBQ all summer long.

*"We love the shade
Phantom Screens provide
and how easy they are
to operate!"*

— Lillian & Ron
Happy Homeowners

OVERVIEW

California is known for its hot and sunny summers, and Folsom is no exception. This modern French-style home features a charming covered patio area and large windows, making it perfect for entertaining and backyard barbeques.

Strategically placed motorized Phantom Screens enhance the comfort of this home. Two retractable shades keep the outdoor patio cool and shaded, while a discreetly recessed screen provides year-round sun protection for the covered outdoor, and indoor, areas. The solar mesh shields the family from heat and glare and protects furniture from fading, all while retracting for unobstructed views. Expertly installed with a limited lifetime warranty, Phantom Screens ensure lasting value and comfort.

APPLICATION HIGHLIGHTS

Customizable Comfort for Any Space

Fits Your Vision: We craft custom screens to perfectly match your outdoor area, regardless of size, color, or material.

Control the View: Choose from a variety of mesh and fabric options, including tighter mesh for privacy, solar mesh to combat heat, or even blackout fabric for complete light control.

Effortless Operation: Partnered with Somfy® for easy-to-use controls. From handheld remotes to smart home integration, customize your experience with wireless wall switches, sun & wind sensors, and more.
