NEED: New pet owners, Jesse and Tamara, were eager to open their doors and enjoy the fresh air and neighborhood sounds in their beautifully renovated ranch-style home. However, they were concerned about keeping their beloved pups safe indoors while doing so.

SOLUTION: Phantom's retractable door screen with Mesh Lock is the perfect solution. Its reinforced corners and secure zipper system provide an extra layer of protection, ensuring small pets stay safely indoors. This innovative screen allows Jesse and Tamara to open the doors without any worry, offering peace of mind and a harmonious living environment.

“Our dogs Otis and Henry will sit by the open doors and enjoy the breeze and sun and sounds of the neighborhood for hours. We love knowing they’re safe inside!”

Keeps Out Debris

OVERVIEW

This newly renovated rancher, nestled amidst the greenery of the Pacific Northwest, BC, features the perfect place for the homeowners' pets to enjoy the fresh air while staying safely inside. To keep the elements out and the fresh air in, the homeowners opted for Phantom's Door Screens with Mesh Lock for both the front and back doors.

With both the front and back doors screened and open, these homeowners can enjoy a bug-free cross breeze and passive cooling that helps reduce energy costs and invites the sights and sounds of the neighborhood.

This innovative solution not only keeps out pesky insects and debris but also provides a secure barrier for curious pets and escape artists. The durable mesh and robust design ensure peace of mind while seamlessly blending into the home's design.

APPLICATION HIGHLIGHTS

Fits Your Vision: We craft custom screens to perfectly match your living space, regardless of size, color, or architectural style.

Reinforced Mesh Corners: Reinforced mesh corners provide added stability and long-term durability, extending the life of your screen. This new option is great for keeping out debris like leaves and preventing the mesh from blowing out of the track. Plus, it helps keep small pets safely inside while stopping unwanted pests or critters from getting in.

Industry-leading Warranty & Professional Installation: We stand proudly behind our stance on "never DIY, always WDIFY" (we do it for you). We know what we're doing; we've had over 30 years to work out all the bugs (literally).
